

# Keen to become a Junior Coordinator for ANZ futureFERNs?

Netball Wellington Centre is on the look out for enthusiastic and dedicated people to help facilitate our ANZ Future Ferns Programme in their Northern, Western and Motu Kairangi Netball Satellites.

## What does being a Junior Coordinator involve?

It is a great chance to help develop our young year 1-4 netballers by teaching and guiding them through the basic skills of netball. We will provide you with full training and resources for the 10 Week programme and provide ongoing weekly support AND you can earn a little money along the way.

## Do I have to be an experienced Netball Coach?

No! You do not have to be an experienced netball coach. We welcome anyone who is energetic and enthusiastic, can clearly explain basic skills, and who would be confident with skill correction if necessary.

## Where can I get more information?

For more information or to just have a chat about the role, please contact John – Netball Development Coordinator or Netball Wellington Centre Office. Email: [admin@netballwellington.co.nz](mailto:admin@netballwellington.co.nz) or phone 04-3876017
